AIRBOX®

A Z 1

MATERIALS AND FEATURES:

- **MATERIALS:** Made of recyclable, nature-friendly and shock resistant polypropylene providing a durable, yet lightweight construction.
- **WHEELS:** Four multidirectional smooth and silent wheels for 360° rolling and ease of transport.
- **LOCK:** Integrated TSA combination lock for less hassle during U.S. Travel.
- **HANDLES:** Comfortable top and side handles.
- **PULLING SYSTEM:** Strong and light multi-stage system in anodized aluminum.
- **INTERIOR:** Fully integrated divider with pockets for organization and packing straps.

A favorite of the AirBOX staff, the AZ1 saves weight through shell-thickness optimization and a heavy-duty lightweight zipper closure.

**A GENUINE EPIC® PRODUCT**

Have you ever dreamed about going back in time and taking the technology of today with you?

If so, maybe AirBOX® should be your next new luggage!

Created in a fusion of American and Swedish ingenuity, AirBOX uses the technology of today with simple, traditional values such as rugged functionality, durability, and long-lasting quality, and great prices to create some really fantastic travel products.

The values we are talking about are really fundamental ones that all of us can identify with.

Based just outside of Gothenburg on Sweden's west coast, AirBOX is a sister brand to EPIC Travelgear, and therefore is able to share much of the technological platform of the well-established brand.

Good honest values, great products, and a friendly team of real people standing behind them create a concept that we feel will most

definitely enhance your travel experiences for many years to come.

Key elements that you can expect in every Airbox product are:

- Hi-Tech Infused Core combined with Clean and pragmatic design and Old-fashioned Quality and Durability.
- Robust Chassis, Framework and Componentry but still Lightweight Total Package
- As all key components are replaceable, Excellent After Sales Service for you as a user wherever you may be.

All in all, the AirBOX brand is all about modern simplicity, durability, and rugged functionality, and offers great-looking durable rolling boxes that are made to fly!

AIRBOX®

A GENUINE **EPIC**® PRODUCT
